

## Tennessee Aquarium "Who to Call List"

### **Emergency Response:**

In Hamilton County, "If you witness water pollution activity, see material spilled or dumped into a waterway, or observe conditions in a storm drain or stream that indicate a polluting activity has occurred, PLEASE CALL: **(423) 209-7888** immediately."

If after hours, please leave a message with details including address, date and time of the issue, and nature of the issue.

If the situation is an imminent threat to life or health, please call Hamilton County Emergency Services at **(423) 622-7777** or **911** to report the situation.
